Offer Details:

You and your business get a **20% discount** on our standard background checks, which includes the following:

- Provincial and Federal Criminal Records
- Provincial Civil Records
- Professional References and Employment Confirmation
- Academic Verification

Frequently asked Questions

In which type of situation is a background check necessary?

Before hiring (whether it's an employee, volunteer, intern, etc), before giving access to confidential data to a future employee, before leasing a space or apartment. Background checks can be simple or more advanced, depending on your needs.

How long does it take to get a background check result?

Thanks to our verification tools, our network and the technology in place, we usually have the results in approximately 4 hours, sometimes even faster.

Who can access this discount?

Members of the Ordre des CRHA du Québec and the business they work for.

If I stop working for my current employer, is the offer still valid for the next company I'll work with?

The short answer is yes! Your new employer has access to your discount as soon as you're hired, a nice asset for you!

How much can I save using this discount?

It depends on the number of background checks made. A verification in our standard background check group cost about 20-25\$, therefore around 4-5\$ would be saved per verification.

For a Small Business

250 annual background checks = about 1300\$ saved annually.

For a Medium Business

500 annual background checks = about 2600\$ saved annually.

For a Large Business

1000 annual background checks = about 5200\$ saved annually.

My business has a high volume of background checks annually, do you have other discounts based on that?

Gardium Security can offer an additional discount based on the annual volume of background checks. If applicable, we are available to discuss and present a personalised offer based on your business needs.
